RM3,000

per participant per batch (2-day training)

Course Date:

Kuala Lumpur Royale Chulan Damansara

20–21 October 2026

17–18 November 2026

Penang Amari Spice Penang

27–28 October 2026

24–25 November 2026

Why This Masterclass Matters

Malaysia's National Sustainability Reporting Framework (NSRF) makes sustainability disclosure an immediate strategic priority. It accelerates the adoption of ISSB standards—especially IFRS S1 and IFRS S2—and is reshaping how listed companies and large corporates report climate and sustainability information.

This 2-day masterclass equips business leaders to bridge global ISSB benchmarks with local regulatory realities. Gain clarity on compliance timelines, leadership responsibilities, and practical tools to turn disclosure obligations into long-term business value, resilience, and market differentiation.

Why Choose This Program?

1. Authorized Global Network

Learn through an approved ISSB Training Partner ecosystem aligned to official IFRS Sustainability Disclosure Standards.

2. Global Certification

Upon successful completion and the mandatory global evaluation, participants receive a Global Certificate of Completion.

3. Business-First Architecture

Complex topics such as climate scenario analysis and Scope 3 emissions are translated into practical executive decisions.

4. Interactive Leadership Workshops

Engage in enterprise simulations, risk-mapping workshops, peer discussion, and the creation of an actionable 90-day roadmap.

5. 100% HRD Corp Claimable

Structured to align with HRD Corp requirements, helping organizations optimize training budgets while building future-ready leadership capability.

Global Recognition & Certification

Your commitment to sustainability leadership deserves verified global recognition.

Global Certificate of Completion

Upon the successful conclusion of the masterclass and the completion of the mandatory program evaluation, participants will receive an official global Certificate of Completion issued in connection with the IFRS Foundation ISSB Training Partner Programme.

Your Pathway to Advanced Professional Credentials

This intensive masterclass delivers an elite foundational stepping stone for ambitious executives. The core competencies developed during these two days position participants to confidently progress toward the IFRS Foundation's globally recognized professional qualification: the FSA (Fundamentals of Sustainability Accounting) Level I Credential.

A Strategic Next Step

Build a strong foundation today. Progress toward globally recognized sustainability credentials tomorrow.

[DAY 1 SCHEDULE]

Focus: Foundations of Sustainability & Strategic Governance

Time	Topic	Interactive Activity
09:00 AM – 10:30 AM	Module 1: Introduction to ISSB Standards - The purpose and business case for ISSB - Key features of the standards	Icebreaker & Benchmark Quiz: Assessing current organizational readiness and mapping baseline sustainability knowledge.
10:30 AM – 10:45 AM	Morning Networking Break	Refreshment Break
